To Whom it May Concern

We have pleasure in advising you that over the last 5 years we have used Mr Y. Adams as our preferred tracker company. He has met all our requirements as a service provider to our business.

We have an Uber fleet and rely on his trackers to keep our fleet of more than 18 vehicles secured. They are constantly being monitored by ourselves and our client.

He is very prompt when additional trackers are requested and goes the extra mile to have them fitted almost as soon as we receive our new vehicles.

Kind regards

Dabwala
